YOUR RESPONSIBILITIES

- Manage supply of GC IDT (ground combat indoor trainer) spare parts to Training Services
- Manage depot level repair facility for GC IDT in support of Training Services.
- Coordinate SLAs (service legal agreement) with Training Services.
- Maintain a stock of LLIs (long-lead items), spare parts and assemblies as required for all fielded systems.
- Produce and maintain a spare parts price list for all fielded systems.
- Review and develop the IT tools and platforms to ensure efficient Services integration between Site Slavkov and Site Huskvarna.
- Maintain Services support to all fielded systems in the Czech Republic (SAVIT, Vehicle Sim and GC IDT) and negotiate all relevant contract work.
- Review and develop Site Slavkov Services processes.

YOUR SHOULD HAVE

- An understanding of military training (ex-military person is more than welcome)
- Fluent Czech and English
- Willingness to travel regularly (Czech republic, Sweden and other countries where our customers are)

YOUR ADVANTAGE CAN BE

- Technical knowledge relevant to repair work.
- Knowledge of spare parts management.
- Experience with a commercial ERP system.
- Very good communication skills
- Qualification as Decree 50/1978 Sb (authority to repair electrical equipment)
